

## NUCLEAR REGULATORY COMMISSION

### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** U.S. Nuclear Regulatory Commission (NRC).

**ACTION:** Notice of pending NRC action to submit an information collection request to OMB and solicitation of public comment.

**SUMMARY:** The NRC is preparing a submittal to OMB for review of continued approval of information collections under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* 10 CFR Part 54, "Requirements for Renewal of Operating Licenses for Nuclear Power Plants".

2. *Current OMB approval number:* 3150-0155.

3. *How often the collection is required:* One-time submission with application for renewal of an operating license for a nuclear power plant and occasional collections for holders of renewed licenses.

4. *Who is required or asked to report:* Commercial nuclear power plant licensees who wish to renew their operating licenses.

5. *The number of annual respondents:* 1-2 respondents (based on an estimate of 4 renewal applications during the requested 3-year clearance period).

6. *The number of hours needed annually to complete the requirement or request:* Approximately 89,333 hours (85,333 hours one-time reporting burden and 4,000 hours recordkeeping burden).

7. *Abstract:* 10 CFR Part 54 of the NRC regulations, "Requirements for Renewal of Operating Licenses for Nuclear Power Plants," specifies the procedures, criteria, and standards governing nuclear power plant license renewal, including information submittal and recordkeeping requirements, so that the NRC may make determinations necessary to promote the health and safety of the public.

Submit, by October 7, 1997, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the burden estimate accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?

**SUMMARY:** The NRC is preparing a submittal to OMB for review of approval of information collections under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* NRC Form 531, Taxpayer Identification Number.

2. *Current OMB approval number:* None.

3. *How often the collection is required:* One time from each applicant or individual to enable the Department of the Treasury to process electronic financial payment or collect debts owed to the government.

4. *Who is required or asked to report:* All individuals doing business with the Nuclear Regulatory Commission, including contractors and recipients of credit, licenses, permits, and benefits.

5. *The number of annual respondents:* 1,600 the first year and 500 annually thereafter or 867 annually over a three year period.

6. *The number of hours needed annually to complete the requirement or request:* 72 hours (5 minutes per response).

7. *Abstract:* The Debt Collection Improvement Act of 1996 requires that agencies collect taxpayer identification numbers (TINs) from individuals who do business with the Government, including contractors and recipients of credit, licenses, permits, and benefits. The TIN will be used to process all electronic payments (refunds) made to licensees by electronic funds transfer by the Department of the Treasury. The Department of the Treasury will use the TIN to determine whether the refund can be used to administratively offset any delinquent debts reported to the Treasury by other government agencies. In addition, the TIN will be used to collect and report to the Department of the Treasury any delinquent indebtedness arising out of the licensee's or applicant's relationship with the NRC.
